Missouri State Public Defender Southwest Missouri and St. Louis 2012-2020 Assistant Public Defender

- Represented indigent clients in hundreds of criminal charges from arraignment through disposition of the case. This included investigation of the case, use of expert witnesses, conducting depositions, motion practice, evidentiary hearings, negotiation, and both jury and bench trials. This is where I learned the importance of a client-centered approach.
- Transitioned into the appellate/post-conviction relief office representing indigent clients on direct appeals of convictions as well as on the litigation of claims of ineffective assistance of counsel. This included extensive brief and motion writing, oral arguments before the Court of Appeals, and numerous evidentiary hearings in circuit court.
